## **Announcing the 41<sup>st</sup> UN Inter Agency Games (UNIAG) New York, Spring 2014**

The UN Inter-Agency Games are organized by staff each year to enable colleagues from the Agencies and Organizations of the United Nations system to get to know each other through sport and thus improve mutual understanding and working relations. The Games also represent an excellent opportunity for athletes to compete and just have fun.

The 41<sup>st</sup> Inter-Agency Games will be sponsored by the staff at UN Headquarters and will take place in Spring 2014 in New York. This is the first time the Games will be hosted by UNHQ. The venue is being finalized now and details will be made available soon. The disciplines of the 41<sup>st</sup> UNIAG will be Athletics (men/women), Badminton, Basketball, Bridge, Chess, Cricket, Darts, Football (men/women), Golf, Netball, Pétanque, Squash, Softball, Swimming (men/women), Table Tennis (men/women), Tennis, and Volleyball (men/women),

The games are open to all staff – active and/or retired. We are looking for all types of athletes from “recreational” to “competitive”-- all staff are encouraged to join a team. It is a great experience that allows you to meet other colleagues from all over the world. Background information on the UN Inter-Agency Games can be obtained from the website: [www.interagencygames.org](http://www.interagencygames.org). Be sure to check iSeek periodically for additional details. Staff may also obtain further information by contacting the IAG Secretariat at [iagny@un.org](mailto:iagny@un.org).

Please consider participating to make the first Games in New York a successful and memorable event.
